Hiking Routes of the Cedar Valley

Rating for Routes: Difficult These routes are unmarked with no trails above the tree-line. Significant route finding and navigation skills required. Steepness, loose rock, becoming lost, encountering wildlife and stream crossings are all potential hazards. Hiring one of Island Lake's certified hiking guides for these routes is recommended.

HEIKO'S TRAIL 22 km, Elevation Gain: 1,371 m, 8-12 hours / Rating: ◆◆ / Access: The trail starts 2 km down a cart track, 3 km north-west of Hartley Lake on Hartley Creek Road, finishing at Island Lake Lodge. Highlights: Waterfalls, caves, snowfields, big mountain passes, and overnight option. A high level of fitness and route-finding skills are required. NOTE: hikers looking to leave a vehicle at Island Lake Lodge must call in advance and register 250-423-3700. No motorized road access or services on non-operational days or during private functions, those hiking on those dates, add an extra 8km to your hike. Check the Operations Calendar to plan your visit.

CABIN RIDGE (ROUTE) Length: 7.22 km - Up and Down / Elevation Gain: 827 m / Hiking Time: 4-6 hours / Rating: ◆◆ / Access: Drive the Island Lake access road 3 km to the Old Growth Trail head. Follow the Old Growth Trail for 1 km, then take the left fork trail to the Cabin Trail.

LIZARD LAKE (ROUTE) Length: 6.78 km - Up and Down / Elevation Gain: 571 m / Hiking Time: 4-6 hours / Rating: ◆◆ / Access: The trailhead is in the Mount Fernie Provincial Park at the Gorby Bridge pull out, approximately 0.5 km from the Island Lake Lodge property boundary and gate. No trail exists above and beyond the lake itself. Loose rock, snow and complicated terrain are all aspects of this route.

BIG WHITE PEAK (ROUTE) Length: 12 km - Up and Down / Elevation Gain 862 m / Hiking Time: 5-7 hours / Rating: ◆◆ / Access: Via Spineback Trail. Just prior to reaching the crest of the Spineback, leave the trail heading west across the alpine bowl. Big White is found in the back of the second basin through a steep scree-slope leading to the widest and least steep access point. This is the only access to the Lizard Range's ridge crest above Island Lake Lodge. Photo Spots: #islandlakelodge12 #islandlakelodge18

Welcome to Island Lake Lodge and the Cedar Valley

The Island Lake property consists of 7,000 acres of private land, most of which has been set aside as a nature reserve. The property is home to a unique Old Growth forest ecosystem, which includes Western Red Cedar, Douglas Fir, Englemann Spruce, White Spruce, Subalpine Fir, Larch and Hemlock. Many species of animals call the valley home including grizzly bears, black bears, deer, elk, moose, wolves, cougars and lynx. We welcome you to explore the property and enjoy the trails.

Please Note:

- Plan your visit, ILL has non-operational days and private functions where there is no motorized road access or services available
- You are on private land - travel at your own risk - take responsibility for your own health and safety - stay on the trails and obey all posted signage
- There is wildlife in the area. Please be respectful, use caution and keep a safe distance
- Dogs must be on a leash and under control. Please clean up all waste
- No smoking or open flame
- Report wildlife sightings at the front desk or by calling 778-519-8168
